

Atomic SPK Base

SKU:A098

Description

Atomic SPK Base is an audio player compatible with the ATOM series controllers. It features the NS4168 amplifier chip with an I2S digital audio interface, automatic sample rate detection, adaptive functionality, and effective prevention of audio signal distortion. It includes a microSD card slot for easy storage and retrieval of audio files. The device provides a 3.5mm headphone jack and an external speaker interface, allowing users to play audio through external headphones or speakers.

Features

- NS4168 amplifier chip
- I2S serial digital audio input interface
- Supports a wide range of sample rates: 8kHz~96kHz
- Automatic sample rate detection and adaptive functionality
- microSD card slot
- Headphone jack
- Speaker interface

Includes

- 1 x Atomic SPK Base
- 1 x 1W@8Ω speaker

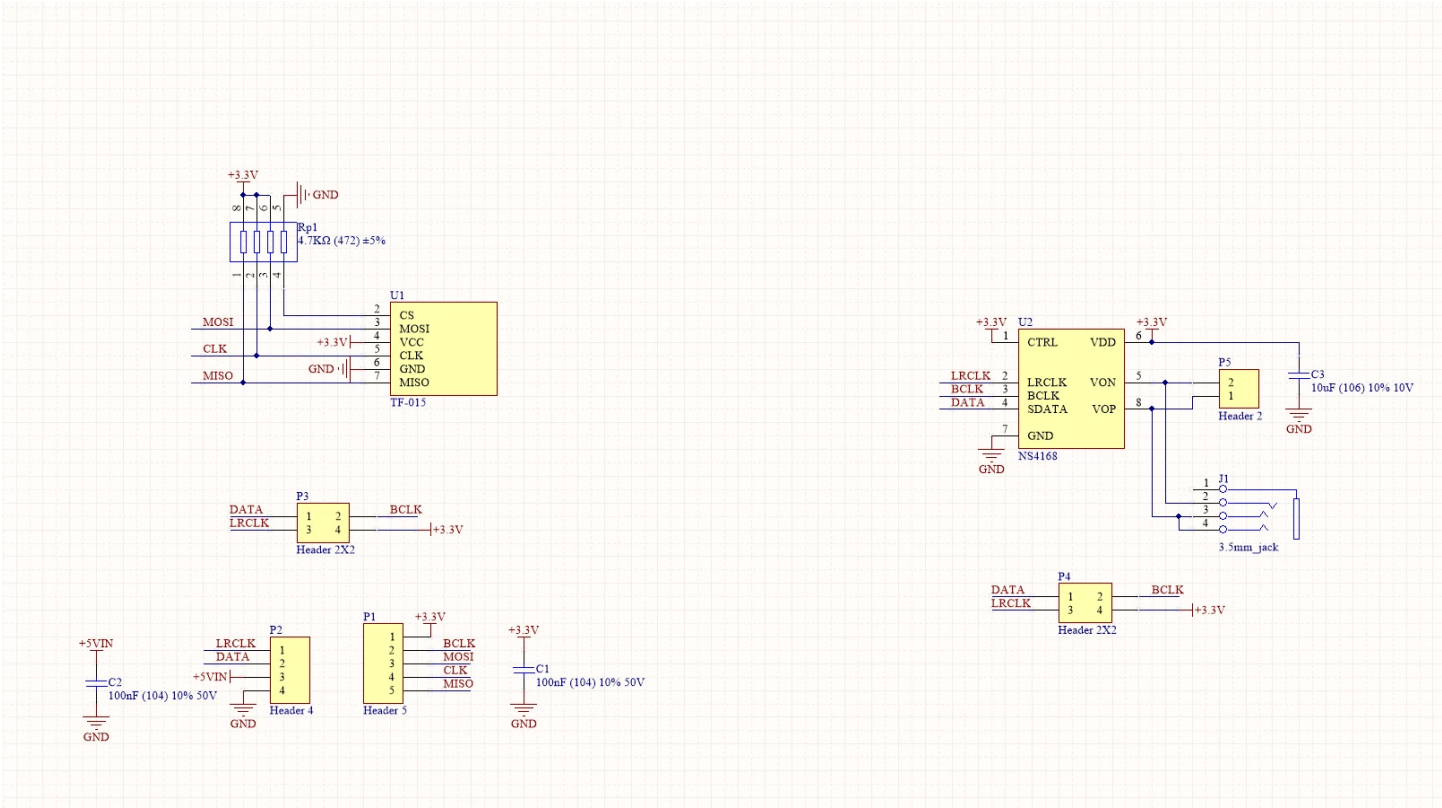

Applications

- Audio player
- Wireless speaker
- Wi-Fi speaker
