

Unit FlashLight

Example

The device flashes every 2 seconds

Setup

flash_0 ▾ Set flash control 40% + 200ms ▾ turn off FALSE ▾ delay 2 seconds

```
from m5stack import *
from m5stack_ui import *
from uiflow import *
import unit

screen = M5Screen()
screen.clean_screen()
screen.set_screen_bg_color(0xFFFFFF)
flash_0 = unit.get(unit.FLASH_LIGHT, unit.PORTB)

flash_0.flash_ctrl(7, False, 2)
```

API

flash_0 ▾ Set flash control LIGHT OFF ▾ turn off FALSE ▾ delay 2 seconds

```
flash_0.flash_ctrl(0, False, 2)
```

- Set flash control (set duty ratio 30%-100%, and FlashLight)
